"One Way"—The country business man is rapidly coming to the conclusion that the best way to meet the competition of the city merchant and catalogue houses is to fight them with their own weapons. The day when a man can put in a stock of goods and sit down and wait for business is past. He has to hustle for it and advertise his goods in order that people know that he has what they want. The News this week turned out fifteen thousand circulars printed on both sides for one of our local firms, and these circulars were used to advertise simply two articles, on which the firm makes a special effort. This same firm has built up an immense business of late and it has been done by systematic and judicious advertising. They advertise in and out of season and as a result they never have a dull spell. When things quiet down a trifle they advertise a little more and in this way keep things moving all the time."

Chewing and Dyspepsia.

The lean dyspeptic, taking a mouthful of chop, chewed it infernally. "Forty chews," he paused to say, "for every bite." And his jaws began to grind again. "You make me laugh," his companion, a physiologist, returned. "Meat requires little, if any, chewing. You must have wasted a lot of chews in your time."

"Go on!" "It's true. Vegetables require chewing, for they are digested largely by the alkaline mouth juices, but meat is digested by the acid stomach juices, and to chew it more than enough to make it go down easily does harm instead of good. The mouth alkalis, admixing with it, hinder the stomach acids' work."

"Chew vegetables indefatigably, my friend, but let your meat slip down unground."—New Orleans Times-Democrat.

Where Her Father Was.

The daughter of the house had just returned from boarding school. Her finishing branches had made her a little sensitive.

"Is your father out in the wood shed splitting wood?" the caller asked her. "No," replied the haughty girl; "papa is at the town meeting splitting initiatives."—Cleveland Plain Dealer.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent alterative or blood purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels, and bladder, curing a large percent of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhoea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements, and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. "The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak."

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

Strike Has Been Settled.

Toledo, O., March 11.—The Pope motor strike of machinists, involving over 1,000 men, has been settled.

Sheriff Captures Negro.

Columbus, Ga., March 11.—General Bryant, a negro, wanted on the charge of murdering Dozier Huckaba, a young white man in Muscogee county, was arrested at Molena, Ga., by Sheriff Huling, of Harris county, and placed in Muscogee jail. Rewards for his capture by Mrs. Huckaba, widow of the dead man, and Governor Terrell aggregate \$250.

that the average customer wants, and we absolutely guarantee the price as low as same goods are sold anywhere.

When you come to Greenville, come to see us, we will make it pay you.

A. K. Park,

West End,

Greenville, S. C.

A Straight Path

From the cotton field to prosperity, and a large, constantly growing bank account awaits you if you plant, fertilize and cultivate your crop with system.

The most important thing is to apply to your soil, about ten days before seeding, a plant food in the shape of 400 to 1000 pounds of high grade

Virginia-Carolina Fertilizers

per acre on fewer acres. If you follow this advice, your cotton will be waisted high by the time many of your "extensive culture" neighbors are hoeing over their crop the first time. Then too they may have used a poor grade fertilizer. Insist upon having only VIRGINIA-CAROLINA FERTILIZERS—accept no substitute.

Ask your dealer for a copy of our handsome new almanac, or write us for one—it is free.
